THE PROJECT IN A NUTSHELL

The CitizenUnited project is an Erasmus+ cooperation partnership in higher education focused on **inclusive civic education, digital participation, and accessibility in democratic life.**

Designed to *empower future public administrators and civic leaders*, the project directly addresses **low engagement levels and removes barriers faced by disadvantaged groups and individuals with disabilities** when they are taking part in democratic processes.

- » Inclusion
- » Participation
- » Accessibility

THE FIRST RESULTS NEEDS ANALYSIS REPORT

The Needs Analysis Report examines **current practices in inclusive civic education** across partner institutions.

By identifying **critical gaps** in current curriculum design, faculty training, and digital accessibility, the report establishes a **clear foundation** for developing **targeted training packages and educational tools** for higher education faculty.

4 Countries
563 survey participants
20 focus group participants

CITIZENUNITED IN KAUNAS, LITHUANIA

On **September 22nd**, our project partners gathered at Kaunas University of Technology (KTU) in Lithuania for a productive first in-person meeting!

During the session, we discussed **key upcoming milestones, set clear project deadlines, and outlined the next steps** to ensure the continued success of The CitizenUnited Project.

THE NEXT STEPS

Policy Booklet

Expert review and revision based on feedback

Faculty Training Package

Developing and finalizing 8 training modules

Student Coursework

Designing inclusive digital governance tools

CitizenUnited+Platform

Towards wider implementation and impact
